

§ 775.13

§ 775.13 Judicial review.

(a) *General.* Any applicant or any person with an interest which is or may be adversely affected and who has participated in the administrative hearings as an objector may appeal as provided in paragraph (b) or (c) of this section if—

(1) The applicant or person is aggrieved by the decision of the hearing authority in the administrative hearing conducted pursuant to § 775.11 of this chapter; or

(2) Either the regulatory authority or the hearing authority for administrative review under § 775.11 of this chapter fails to act within applicable time limits specified in the Act, this chapter, or the regulatory program.

(b) *Judicial review under State programs.* The action of the hearing authority identified in paragraph (a) of this section shall be subject to judicial review by a court of competent jurisdiction, as provided for in the State program, but the availability of such review shall not be construed to limit the operation of the rights established in section 520 of the Act.

(c) *Judicial review under Federal programs and Federal lands programs.* The action of the hearing authority identified in paragraph (a) of this section is subject to judicial review by the U.S. District Court for the district where the coal exploration or surface coal mining and reclamation operation is or would be located, except for judicial review of State regulatory authority actions in a State court of competent jurisdiction as may be provided for in a cooperative agreement, in the time and manner provided for in section 526 (a)(2), (b) and (e) of the Act. The availability of such review shall not be construed to limit the operation of the rights established in section 520 of the Act.

§ 777.1 Scope.

This part provides minimum requirements concerning the general content for permit applications under a State or Federal program.

§ 777.10 Information collection.

The information collection requirements contained in part 777 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance number 1029–0032. The information is being collected to meet the requirements of sections 507, 508, and 510(b) of the Act. It provides general requirements for permit application format and contents. The obligation to respond is mandatory.

§ 777.11 Format and contents.

(a) An application shall—

(1) Contain current information, as required by this subchapter;

(2) Be clear and concise; and

(3) Be filed in the format required by the regulatory authority.

(b) If used in the application, referenced materials shall either be provided to the regulatory authority by the applicant or be readily available to the regulatory authority. If provided, relevant portions of referenced published materials shall be presented briefly and concisely in the application by photocopying or abstracting and with explicit citations.

(c) Applications for permits; revisions; renewals; or transfers, sales or assignments of permit rights shall be verified under oath, by a responsible official of the applicant, that the information contained in the application is true and correct to the best of the official's information and belief.

§ 777.13 Reporting of technical data.

(a) All technical data submitted in the application shall be accompanied by the names of persons or organizations that collected and analyzed the data, dates of the collection and analysis of the data, and descriptions of the

Surface Mining Reclamation and Enforcement, Interior

§ 778.1

methodology used to collect and analyze the data.

(b) Technical analyses shall be planned by or under the direction of a professional qualified in the subject to be analyzed.

§ 777.14 Maps and plans: General requirements.

(a) Maps submitted with applications shall be presented in a consolidated format, to the extent possible, and shall include all the types of information that are set forth on topographic maps of the U.S. Geological Survey of the 1:24,000 scale series. Maps of the permit area shall be at a scale of 1:6,000 or larger. Maps of the adjacent area shall clearly show the lands and waters within those areas and be in a scale determined by the regulatory authority, but in no event smaller than 1:24,000.

(b) All maps and plans submitted with the application shall distinguish among each of the phases during which surface coal mining operations were or will be conducted at any place within the life of operations. At a minimum, distinctions shall be clearly shown among those portions of the life of operations in which surface coal mining operations occurred—

(1) Prior to August 3, 1977;

(2) After August 3, 1977, and prior to either—

(i) May 3, 1978; or

(ii) In the case of an applicant or operator which obtained a small operator's exemption in accordance with § 710.12 of this chapter, January 1, 1979;

(3) After May 3, 1978 (or January 1, 1979, for persons who received a small operator's exemption) and prior to the approval of the applicable regulatory program;

(4) After the estimated date of issuance of a permit by the regulatory authority under the approved regulatory program.

§ 777.15 Completeness.

An application for a permit to conduct surface coal mining and reclamation operations shall be complete and shall include at a minimum—

(a) For surface mining activities, the information required under parts 778, 779, and 780 of this chapter, and, as ap-

plicable to the operation, part 785 of this chapter; and

(b) For underground mining activities, the information required under parts 778, 783, and 784 of this chapter, and, as applicable to the operation, part 785 of this chapter.

§ 777.17 Permit fees.

An application for a surface coal mining and reclamation permit shall be accompanied by a fee determined by the regulatory authority. The fee may be less than, but shall not exceed, the actual or anticipated cost of reviewing, administering, and enforcing the permit. The regulatory authority may develop procedures to allow the fee to be paid over the term of the permit.
